

*One Used Beyeler CNC Hydraulic Pressbrake RT4 175-40
Capacity: 4100 mm x 175 Tonnes (CNC 7 Axis – Y1, Y2, X, R1, R2, Z1 & Z2)
Serial Number: 92P096. Year Of Manufacture: 1992*

- Down-stroking hydraulic operation
- **Cybelelec DNC 9000** multi axis graphical controller for depth (bend angle) control and auxiliary axes control
- Bend angle programming and correction, depth accuracy within 0.01 mm
- CNC X, R1, R2, Z1 and Z2 axis back gauge with recirculating ball screws and two flip type gauge fingers
- Programmable fast approach / working speed change over point
- Programmable open day light
- Programmable tonnage control
- Control station with foot pedal
- Low noise pump and hydraulic system
- Euro Style top tool holders
- Set of new top tools and bottom dies
- Narrow table
- Full tank of hydraulic oil
- Operating manual
- Machine guarding:
Vertical light curtains (**Erwin Sick**) 300mm from top tool,
mounted upon powder coated hinged side fences plus rear interlocked gate
