

***One Used S & E NC Hydraulic Pressbrake  
Capacity: 3700 mm x 80 Tonnes (NC 2 Axis – Y and X)  
Serial Number: 820-12938-206. Year Of Manufacture: 1987***

- Heavy duty machine construction from high quality steel
- Twin cylinder CNC synchronised hydraulic down-stroking
- **S & E Controller** multi axis controller for Y levelling, depth control backgauge
- Bend depth programming, depth accuracy within 0.05 mm
- Rotary encoders mounted on independent side frames (deflection free)
- NC X axis back gauge with recirculating ball screws and two gauge fingers
- Programmable fast approach / working speed change over point
- Programmable open day light
- Manual tonnage control
- Control station with foot pedal
- Wide table
- Full length multi vee die
- Full length top tool
- Full tank of hydraulic oil
- Standard colour: cream and green
- Machine guarding:  
Mascon pulse guarding system

**Price**

**\$ 29,000.00 plus GST**
